Merry Christmas

Alpha Baby D'Vonte

When Kari came to the Alpha Center on a Tuesday afternoon earlier this year, she was facing a difficult decision. As a single mother raising two young children, she was overwhelmed with the idea of raising another child on her own. With an appointment already scheduled at Planned Parenthood for the abortion pill (RU-486), Kari came seeking information about an abortion. Knowing that information was going to determine whether or not she followed through with her abortion, we offered her an ultrasound. Much to the surprise of everyone in the room, the ultrasound showed not one, but TWO babies. Seeing those precious heartbeats that day instantly changed Kari's heart, and two little lives were saved!

On July 23rd, Kari gave birth to healthy twin boys named D'Vonte and DaeVian. While Kari would be the first to tell you that raising twins is a lot of work, through the support and resources provided at the Alpha Center, Kari and her children are doing wonderful. Kari said, "The Alpha Center was there for me when I needed them. They didn't judge me but instead gave me helpful information, then allowed me to make the best choice for me. Now, whenever I need someone, they are there for me."

When Kari came to us she was scared, overwhelmed, and feeling alone. Kari said, "They didn't just give me an ultrasound that day - they offered me hope." When she left our center you could see it in her eyes. While she was still facing some tough circumstances, she found the strength and courage she needed to choose life for her babies.

The Christmas season is truly one of hope. When Jesus came to the earth as an infant, it was the beginning of God's plan of redemption for His children. It was the beginning of hope for a broken and lost world. We are so blessed to be able to offer that same hope to clients like Kari. Every day, because of your support, we have the privilege of not only helping to save God's precious little babies, but to save their mothers as well!

During this Christmas holiday, would you help us continue to offer hope through a financial gift to the Alpha Center? A gift of \$500, \$100, \$50 or ANY amount will make a significant difference in the lives of children like D'Vonte and DaeVian. Please, help us continue to spread the hope of Jesus Christ to the women and families who enter our doors each day. Thank you in advance for your generous support!

God bless you this Christmas season and may the hope and joy of Christ fill your heart throughout the year!

For HIS Unborn,

Leslee J. Unruh
